OTA2024 Vienna, July 8-12, 2024 / final Announcement

Dear participants,

here are some updates on the upcoming meeting.

1. A preliminary schedule is now available. Plenary talks are 60 minutes and contributed talks 30 minutes, both are understood including time for questions and comments.

2. The social program consists of the conference dinner (for those who had announced in the online registration process to attend the dinner), and a guided tour through the inner city (for anybody who likes to come along). The conference dinner takes place on *Tuesday 9.7.2024, 19'00;* the guided tour on *Wednesday 10.7.2024, 18'00 – 20'00*. Please indicate upon in-person registration whether you intend to participate in the guided tour.

3. In-person registration takes place *Monday 9.7.2024, 9'00 – 9'45* and *11'00 – 11'45*. Those who arrive only later are kindly asked to contact one of us upon their arrival.

4. Lecture rooms are equipped with good blackboards and a projector. When using the projector, most of the blackboard is covered (we are trying to find a solution with additional whiteboards/flipcharts).

5. If you intend to use the projector, please send the pdf to the conference email address

   ota2024@tuwien.ac.at

   at latest *in the evening !before!* your talk, so that we can prepare the equipment in the lecture rooms in advance.

6. In the university building the eduroam network usually works well. If you have no access to eduroam, please contact us on site personally; we have a limited number of wifi accounts for participants.

All details, including precise directions, are available on the conference website:

   https://haraldworacek.github.io/OTA2024/

and we recommend to check out this site.

We wish you a good trip !

The organisers
(Benjamin Eichinger, Harald Woracek)
